Presents, the "Jack of all Trades", **LARRY ROZNOS !**

We're sure most of you will recall having walked down an almost deserted street in a big city late one night, and coming across an Electrical Crew grunting and sweating it out in those mysterious things they call "Man-Holes", . . .

Photos by Kris Studio

well . . . did you ever wonder . . . just what they'l do'n down there? Why, they're . . . do'n electrical stuff . . . like plugg'n up holes . . . and pulling and stretching and pampering those main trunk arteries . . . and then too, they have to be alert . . . 'cause one of them could get quite a charge from one of those live arteries !

LARRY ROZNOS, our self appointed "Jack of all Trades", once again demonstrates one of his natural abilities by showing us how well he can keep those fellas down in that "Man-Hole", well supplied with refreshments!

THE GALLERY. John Horne Burns
(Available through Guild Book Service for 75¢)

Surely this book can be considered one of the great books of World War II. With consumate skill, Burns has painted a large, colorful panorama of Naples in 1944.

Everything centers around the vast Galleria Umberto Primon, once sheltered by a dome made of glass which allied bombs caused to fall to the pavement "like cruel snow."

Momma's bar is in the Gallery. Here is where the gay soldiers and sailors from all of the allied armies come to dish, to cruise, to complain, to fight.

There is the "Desert Rat", who wore "the tightest and shortest pair of shorts he could get into". When he smiled, Momma "suddenly saw him in someone's arms by moonlight in the Egyptian desert, in the midst of that love which had sliced the boy's heart in two."

There are also the two British sergeants, Esther and Magda, bitterly twittering like angry magpies; the delicate Italian boys who scream with joy when groups of tough sailors and parachutists invade the bar. (" 'Gracious', the Negro second lieutenant said, 'men!' ") (" 'I hateya and I loveya, ya beast,' said a sailor.")

Burns writes, "Her crowd had something that other groups hadn't. Momma's boys had an awareness of having been born alone and sequestered by some deep difference from other men. For this she loved them."

Here is undoubtedly the best description of a gay bar ever written. " 'What a town to cruise this is. All the belles in the States would give their eye-teeth to be in Naples tonight,' says the tech sergeant Wilbur." And you really believe him.

This gay scene in Momma's is certainly the high point of the book, but the other straight stories are written with such sympathy and understanding you are sure to enjoy them just as well. One of the really fine books to come out of World War II. Highly recommended.

THE CASE AGAINST COLONEL SUTTON. Bruce Cameron
(Available through Guild Book Service for $1.00)

Did Colonel Sutton actually take a shower with Mrs. Edding's two teen-age boys? And if he did, what exactly happened in that crowded shower-room? This incident is a crucial one in the plot of this fast and exciting story — for tall, good-looking David Sutton is being investigated as a possible homosexual. His career, his ensuing marriage, his whole life is at stake. This shower incident, plus some pornographic pictures, plus a very damaging telegram are the important pieces of evidence that Larry Adams, the unscrupulous investigator (who can't help but think of his old buddy when he is in bed with a French whore) is relentlessly using against the Colonel. The telegram reads: **SUTTON AT AGE FOURTEEN ARRESTED WITH TWO OTHER BOYS. CHARGE PERVERSION. TEACHER MINNIE HARPER CLAIMS SHE CAUGHT SUTTON AND FRIENDS IN A QUOTE VILE, CONTEMPTUOUS, DEGENERATE ACT UNQUOTE.**

Author Cameron expertly exposes a little-known but horrifying aspect of the U.S. Army. He authoritatively shows the vast amounts of time and taxpayer's money the Army spends on idiotic queer-hunts, searching for anything possible to rid homosexuals from its ranks. **The Case Against Colonel Sutton** reads like an expert mystery story. It's a timely and provocative book.

BITTER LOVE. Dyson Taylor
(Available through Guild Book Service for 75¢)

"It's bad enough to marry a handsome man and have all the female population to fear, but to have the male population as well !!"

Alexandra had agreed to share her 6'5" heroic looking husband, Anton Gildemeister, with his sinister lover, the successful financier Hugo Nicole (actually the match was made at Hugo's suggestion in the first place — he needed a woman for a front to hide his torrid affair with Anton). But still, the woman could never get used to the idea that after each sexual bout she had with Anton, he would insist on leaving her to have still more fun with Hugo, waiting in the wings. And after Tona was born, when Hugo became more of a mother to her daughter than she was, Alexandra thought that this was carrying things too far ! ! She desperately tried to think of some way of getting rid of this "dirty pervert" for once and for all.

Set against the backgrounds of the wealthy international set of the Riviera and Alexandria, this is quite an unusual story treated by author Taylor with great flair. Certainly not a great book, but a very interesting, smooth one, especially its strange, ironic ending. Read it and have a good time.

The Twilight Sex. Carlson Wade
(Available through Guild Book Service for $1.00)

At last, at last, at last ! ! ! An authoritative, sensible and modest paperback about homosexuality. Students in this field are well acquainted with the work of Carlson Wade and it is no surprise that he has written this excellent book, a **MUST** for all GBS readers.

Wade points out that it is virtually impossible to arrive at a sound definition of the word "homosexual" and cites the psychiatric literature to sustain his position. The range extends from the celibate who looks but never touches to the male prostitute who has no emotional responses whatever—merely physiological ones.

This book has an immense wealth of information, good sense and humor. Among its highlights:

> . . . The fact that heterosexual coitus is the only normal mode of reproduction does not mean it is the only normal mode of satisfaction.
> . . . Every mechanical means of producing sexual pleasure is normal and legitimate.
> . . . Specific pleasures related to sexual acts do not rest upon fixed personal characteristics of sexual partners.
> . . . It is sheer nonsense to say that there are sure signs by which a homosexual can be detected on sight.
> . . . The simple truth is that young boys and men learn that homosexual activity is pleasant and they continue with it to varying degrees—few abandon or turn their back on it completely if it is available.
> . . . There are no particular physical or intellectual types of homosexuals.
> . . . Large numbers of homosexuals are perfectly capable of satisfying women sexually—if this were not true, the number of unhappy wives would be materially greater than it already is!
> . . . Emotional satisfaction is just as possible for homosexuals as heterosexuals.
> . . . A review of the literature on the "cause" of homosexuality leads one to conclude that there are about as many "causes" as there are homosexuals.
> . . . The standards of male dress are actually set by homosexuals and all males attempt to be in the latest fashion—how can you, on the basis of dress, differentiate between the homo and hetero?
> . . . Most "rough trade" is really homosexuals in disguise—fooling the world and themselves.

There are many excellent things to say for this book. In any case, the case histories are among the more interesting we have seen anywhere, the descriptions of life among the steam baths leaves nothing to the imagination, the descriptions of hustlers and hustling is as complete and authoritative as we have ever read, and the conclusion " . . . since homosexuality is here to stay, is it not reasonable to assume that the prostitute is here permanently to service the need" is an obvious truth that even police departments are beginning to recognize!

Even this excellent book has some nonsense. Wade says that male hustlers usually do not perform fellatio nor allow anal intercourse upon themselves—a little research very close to his own New York City office could very easily have convinced him differently ! !

THE HOMOSEXUAL REVOLUTION. R. E. L. MASTERS
(Available through Guild Book Service for $1.25)

This is an important book. It contains much information that is important to every intelligent homosexual. It deals with many aspects of the gay life that have hitherto been untouched: the homosexual and politics, and society, and the law. What are the social aims of the homosexual? What would be his Bill of Rights?

The book has faults. The main one being its title. The word "revolution" suggests a government takeover, a time when Walter Jenkins becomes President with Ray Bourbon as his Secretary of State. After you read some of the book, however, you realize the author doesn't mean this at all. There is no gay "revolution" in progress, only a slow change in the status and awareness of the American gay person. Masters shows how the physique magazines, the **Mattachine Review, One**, books like **City of Night** and **Notre Dame des Fleurs, are** all indicative of the homosexual's new awareness of his place in society.

Also from the cover one gets the impression that this is going to be an anti-homosexual book. It isn't at all, however. Masters is generally quite fair to the lavender fraternity, at some times even sympathetic He is quite understanding about the paradox of the man who must constantly risk imprisonment for doing illegal acts which he has been compelled, often against his will, to do since childhood.

On the whole, the book is very well-written, even having a few spicy touches of humor. Masters includes several portraits of different types of homosexuals. One of them is Harvey, outwardly impeccable with a lily-white social background. One night, however, Harvey went mad, he went so far as to "commit an act of (passive) sodomy on the floor of the men's room at the railroad station at three o'clock in the morning. He was caught at this by two homosexual acquaintances who came into the room suddenly. They reported to much amused confreres that Harvey fled wildly into the night, still frantically striving to adjust his trousers."

This book, however, should not be read only for its humorous or erotic parts. **The Homosexual Revolution** should be read by all intelligent men who are interested in their future as American homosexuals today.

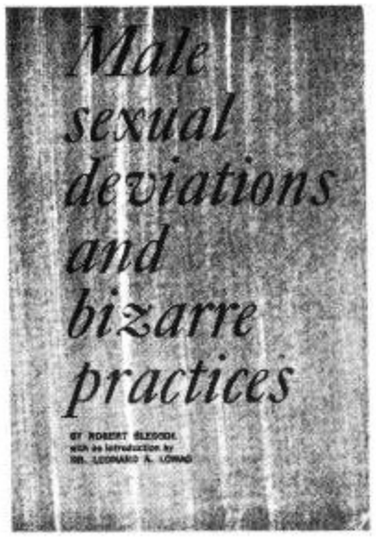
Male Sexual Deviations and Bizarre Practices

$3.00



This is an unusual book. The writer has a keen sense of humor, knows his psychology and psychiatry, loves the human race and assumes that no matter what people do sexually it is, for them, fun. The idea that sex can be fun is still relatively new in America and the idea that deviant sexual activities can be pleasant is still too new to have been given serious popular consideration.

The book opens with some pungent observations upon mankind's inability to accept the products of its own history:

. . . After a million years man still can't accept what is called perversion as part of normal sexual behavior.
. . . Civilization has flourished with its perversions encapsulated inside of it.
. . . Long before man evolved to vex himself with rules, the other animals had invented the sexual oddities.

We can only briefly indicate some of the fascinating material in this book by listing a few chapter headings and the material they include:

THE LOVING HAND: Advances the view that masturbation is a solace and blessing to mankind—also discusses some modern refinements.

A TASTE OF HONEY: Points out why men enjoy fellatio and also why others enjoy doing this to someone. Relates the case of the husky fireman who was so desperate for someone he attempted to rape the psychiatrist!

THROUGH THE REAR DOOR: The most thorough discussion of anal intercourse we have ever read and the most rational discussion of the psychology of the active and passive sodomist in print. The case of "Norman" is amusing as he relates that "I turn over easy, even if I am asleep. I think it's a wife's duty." We have the case history of the handsome "Sand Wilson," who likes passive sodomy because "The great thing about getting it that way is that you don't have to do a thing." Finally, there is the case of Lennie, who found his first pleasure in a hobo camp and then became addicted to sodomizing truck drivers.

IN A FAMILY WAY: A thorough discussion of incest and related activity that is highlighted by the story of the "Reed" family. This family established something of a record for sexual activity because the father provided the sons with whores and male lovers, encouraged sex between the children and indulged himself with them as well ! The community felt the limit had been reached when a seventeen year old boy had sex with the teenage Patty and Ned Reed on the same day at the same time.

BOYS FOR DELIGHT: A frank discussion of why women basically dislike homosexuals and will dislike them increasingly as the competition for attractive men becomes keener. The case history of "Lee" is instructive because many readers will recognize the familiarity of the pattern of seduction and subsequent events. The author takes the position that if young boys and men could engage in homosexual activity without being made to feel guilty, they would pass on to heterosexuality in most instances and there would be many fewer homosexuals in our culture, but a great deal more homosexual activity.

The foregoing is but the briefest indication of the wealth of fresh viewpoints and sensible positions taken by the author. It would be highly desirable for this book to come to the attention of homosexuals, their families and their friends. An excellent book—entertaining as well as instructive.

THE YOUNG SAVAGES - I

UNRETOUCHED NUDE PHOTOGRAPHS OF YOUNG BOYS

by Hajo Ortil

Good news ! The response to "One Hundred Naked Rebels" was so encouraging that we have taken special pains to obtain more of the superb work of Hajo Ortil, undoubtedly the greatest photographer of boys in the world.

This is only the first of Ortil's new books that we will be offering to our customers. There are more Young Savage books to come ! Order THE YOUNG SAVAGES – I, and we are certain you'll want to buy the complete series, especially as they are now being offered at the low price of $5.00.

We believe you will agree that THE YOUNG SAVAGES is a brilliant follow-up to "One Hundred Naked Rebels." Here are many more fine, lusty examples of healthy, vigorous, European boyhood. In clear, unretouched, all-revealing pictures, are joyous scenes of boys wading in the surf, frolicking in the sand, playing with each other on the hillside. There isn't one stitch of clothing separating the warm, vibrant nudity of these mischievous little savages from the eyes of the viewer.

Here is another fine book for the nude-photography connoisseur to place in his collection.

As these unretouched nudist magazines are still devilishly difficult to get through the U.S. customs, there is no telling how long they will be available. We therefore, sincerely recommend that you order your copy of THE YOUNG SAVAGES – I, as soon as possible, while this superb magazine is still on the market.

This lovely book, 6½ x 9¼, contains twenty pages of beautiful photographs and twenty pages of German text. It has been cleared by customs and is available for immediate shipment.

BY HAJO ORTIL, PHOTOGRAPHER OF 100 NAKED REBELS AND CONTRIBUTOR TO THE FABULOUS BOOK "THE BOY".

Little realizing the popularity of the **1964 GUILD GUIDE**, we had to return to the press for three additional editions after the first had been exhausted. In order to prevent this waste of time and effort again, would you order your copy of the **1965 GUILD GUIDE** now? The 1965 edition will be shipped not later than 15 January 1965.

Could we have your cooperation in sending in the requested additions, corrections, deletions, etc., not later than 20 December 1964? We would appreciate receiving your pre-publication order before that time as well. We take this opportunity to thank the hundreds of you who have already taken the time and trouble to send in information over the past few months and to request that your valuable cooperation be continued to the end that the **GUILD GUIDE** may continue to be the accurate, useful and valuable tool that it has already proven itself to be.

Have you seen the latest issue of "Fizeek Art Quarterly"? If not, we'll give you a tantalizing peek at the Front Cover Drawing by artist **CHET** shown on this page, and across the way, we see another fine example of his work. By the way, the publishers of Fizeek Art Quarterly are looking for artists to contribute to their next issue! Wouldn't you like to see your drawings or paintings in print? If so, why not drop a line to the Editor of FAQ and send along a sample of your work, they would be only too glad to consider your drawings for their next issue. .

Write; Fizeek Art Quarterly, P.O. Box 385, Franklin Station, Washington 44, D.C.
